Environmental Policy

Rotowash Limited is committed to leading the industry in minimising the impact of its activities on the environment.

The key points of its strategy to achieve this are:

- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Minimise toxic emissions through the selection and use of its fleet and the source of its power requirement.
- Actively promote recycling both internally and amongst its customers and suppliers.
- Source and promote a product range to minimise the environmental impact of both production and distribution.
- Meet or exceed all the environmental legislation that relates to the Company.
- Take steps to reduce our carbon footprint, seek alternative renewable energy solutions and improve our vehicle fuel efficiency.

We know that customers, colleagues, suppliers, regulators and the community all value improved environmental performance. We will continue to communicate our environmental performance to all our stakeholders and will use credible verification exercises to ensure our reporting is accurate and transparent.
